Your family physician is an important member of your health-care team. If you are receiving care at our hospital, a copy of your diagnostic and/or treatment record will be forwarded to your family physician unless you request otherwise.

JBH supports the government's goal of providing Canadians with an electronic health record. As these systems become established, your JBH information will be stored securely on shared health information databases, accessible only by authorized health care providers.

Non-clinical information about your visit such as your name, location within the hospital and address may be released in order to:

- Assist visiting family, friends and clergy to locate you in the hospital
- Conduct patient satisfaction surveys that allow us to monitor and improve the quality of our services
- Conduct fundraising campaigns through the JBH Foundation.

If you wish to keep your presence at our hospital private, please notify the clerical staff when you register. They will ensure only the members of the health-care team will know you are in hospital.
