

ACCESSIBILITY: USE OF SERVICE ANIMALS

Document Type: Policy and Procedure
Scope of Document: Organization Wide
Review Date (s): 01/2012r, 03/2017r

Document Number: 1-60-262

Effective Date: 03/2010

A. Purpose

The Hospital is committed to promoting, providing and maintaining an environment where respect and dignity is demonstrated at all times. Joseph Brant Hospital (JBH) supports the right of the individual to be accompanied by a Guide dog or other Service animal, except where excluded by law. All JBH employees and affiliates are expected to comply with this policy.

B. Policy Statement(s)

1. The Hospital supports the Accessibility for Ontarians with Disabilities Act.
2. Guide dogs and Service animals are not pets but working animals. Staff will refrain from touching or petting the guide dog or service animal.
3. Guide dogs and other Service animals may accompany people with disabilities in all areas of the hospital except where excluded by law or where there is a significant risk to a staff person or member of the public (identified risk of severe allergic reaction).
4. Manager, staff and person with a disability will collaborate, discuss and develop an accessibility plan identifying necessary support arrangements.
5. Guide dogs and other Service animals are not permitted where sterile procedures occur in accordance with the Health Promotion and Protection Act including but not limited to:
 - 1) Operating Rooms;
 - 2) Minor Procedure Rooms or Rooms where sterile interventional procedures are occurring;
 - 3) In any room where radiation exposure occurs (X-ray, CT);
 - 4) Rooms in which transmission based precautions are in place (Isolated rooms).

6. Staff will collaborate and discuss with the person with a disability areas where the presence of a Guide dog or Service animal is not allowed prior to their arrival (where possible) and develop alternate arrangements.
7. Infection Prevention and Control and the Manager/Shift Administrator and/or Manager on Call must be contacted whenever a patient with a Guide dog or Service animal is admitted to the hospital or whenever there is a concern regarding the safety and/or security of persons in the area.
8. The care of the Guide dog or Service animal is the responsibility of the owner.
9. If in accordance with this policy, it becomes necessary to separate the Guide dog or Service animal from its owner, healthcare personnel will make all reasonable efforts to help facilitate the transfer of the animal to a designated person.
10. The person who requires the Guide dog or Service animal may be asked to provide a letter from a physician or nurse, or documentation from the Ministry of the Attorney General's office confirming that the person requires a Guide dog or Service animal.
11. Notice of the availability of JBH Accessibility policies will be posted in a conspicuous place on the premises and/or on the JBH web page (Meditech, Intranet and Internet).
12. All policies and procedure documents related to Accessibility will be available to the public, in a format agreed upon with the person with a disability.

C. Policy Content

DEFINITIONS

Guide Dog: is a dog trained as a guide for a blind person.

Service Animal: are animals that are individually trained to perform tasks for people with disabilities such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting a person who is having a seizure, or performing other special tasks.

GUIDELINES

1. Tips on interacting with a customer who uses a service animal:
 - a) Service animal is a working animal, not a pet.
 - b) Avoid touching or addressing Service animals: they are working and are required to pay attention at all times.
 - c) Avoid making assumptions about the animal. Not all Service animals wear special collars or harnesses. If you are not sure if the animal is a pet or Service animal, ask the person with a disability.

- d) Patient is responsible for the care and supervision of their Service animal. Staff is not expected to provide care or food for the animal. However, staff can provide water for the Service animal if the patient requests this.

2. Service animals and their roles:

Service Animal	Key Tasks	Users
Autism assistance or service dog.	<ul style="list-style-type: none"> Keeps a child from running into danger and provides assistance when sensory stimulus is heightened. Dog is attached to the child's waist by a belt and a leash held by an adult. 	People with autism or other developmental/intellectual disabilities.
