

Dear Patient,

The following equipment is required upon discharge from hospital:

- 2 Wheeled Walker (see slideshow for instructions on how to measure for a walker)
- Cane (if you have any steps/stairs)
- Stationary commode or raised toilet seat with arms (mandatory for hip replacement)
- Long handled reacher, long handled shoe horn, sock-aid (mandatory for hip replacement if you want/need to be independent)

Here is a list of medical supply companies that have equipment for rental or purchase. Call for hours and information. Please note that this list is **not all-inclusive**.

***Vendors may not be providing rental services during this time**
Please check with each location individually regarding their current policies*
